

FLEXICAM

Router & CNC Machines

Stealth

* Available with Siemens Controller also.

Stealth

Model & Sizes :

1515	1524 x 1524
1525	1524 x 2540
1530	1524x 3050
1540	1524x 4080
2030	2040 x 3080
2040	2040 x 4080

Specifications :

Z axis Travel	: 200mm
Z axis Clearance	: 240mm
Maximum Speed	: 60m/min
Resolution X/Y	: 0.001
Resolution Z	: 0.001
Repeatability	: +/-0.01mm

FlexiCAM has taken the long successful line of Stealth routers and added extra value and performance to the 2017 edition. You get all the features you'd expect from a Stealth series plus larger AC servo motors, heavier bearings and rails, and newly modified carriage borrowed from our XXL series of routers all included as standard features. These upgrades create increased overall speed and stiffness translating to lower cost of operation, higher through put, less tool wear, and the best CNC Router available on the market. With a large selection of Automatic Tool Change spindles and vacuums, as well as options not available to comparable priced machines, such as Multiples Carriages, Floating Heads, and Rotary Machining, the new Stealth is Unmatched in its flexibility and performance. Stealth routers are available with Fanuc and siemens controllser.

FLEXICAM

Router & CNC Machines

The Cheetah Series Digital Cutter is a multi-functional digital cutter that meets a variety of needs. It offers cutting, creasing and other options in one machine and can be completely configured based on your specific needs in terms of size and options. Thus giving you the flexibility of choosing what you want.

The ACS Control system offers high speed and accuracy. The LCD touch screen panel makes it easy to learn and operate. The digital cutter offers flexible tool module options that meet the requirements of diverse industries.

Models and Sizes

1530	1605 x 3135 mm
2030	2040 x 3135 mm
2040	2040 x 4080 mm

Specifications:

Z axis Travel	: 120mm
Z axis Clearance	: 120mm
Maximum Speed	: 70m/min (X/Y)
Resolution X/Y	: 0.001
Resolution Z	: 0.001
Repeatability	: +/-0.05mm
